

CCE Consulting offers medical writing and editing services, and limited research and statistical consulting. We have experience with industry creating slides, white papers, and monographs. We have assisted with manuscript writing and editing and worked with writers from South Korea, China, and Taiwan.

We have worked on educational texts, creating Power Point slides, case studies, test banks, and instructor materials. The types of textbooks have included health care administration, research, pharmacology, health promotion, cultural aspects of nursing, leadership, a nurse practitioner test bank, and a physician pharmacology text.

We have also participated in limited monitoring of clinical trials, written and reviewed research abstracts, and provided limited statistical consulting.

Prior clients include: SIU School of Medicine Surgery and Internal Medicine Departments, Business Research Group (BRG), Boston Scientific EP, Genentech, Dr Abraham Kocheril, Morley Market Research, Atricure, Nourish Interactive, CRSTI, Fox IRB, University of Virginia, ID8/Triple SSS Press, and MMC Medical.
