

Critical Care ED can work with you in the development and presentation of your educational content/programs. We can assist with paperwork for course/material approvals by specialty boards. We can assist with paperwork submissions, slide creation, test development, and conference preparation. We can also create materials for self-study.

Critical Care ED is a nursing education provider approved by the California Board of Registered Nursing, Provider Number 12206. We have been developing and presenting nursing education content for over 30 years. We have also presented courses that are ASRT approved.

For more information about what we could offer your organization contact Linda Moulton at moultonlinda16@gmail.com or 217-836-4100.
