

Our Courses

Basic Arrhythmia Course: June 3 and August 5

12 Lead EKG Course: July 1 and September 2

Advanced Arrhythmias and 12 Lead: July 1

Order and Disorder: The Basics, Parts 1 and 2: June 3 and July 1; August 5 and September 2

Order and Disorder: Beyond the Basic Series Coming in September

These 4-week courses are intended for cardiovascular technicians, industry employees, and nursing staff who need a review or a good foundation in arrhythmia interpretation, 12 Lead EKG analysis, or the basics of cardiac electrophysiology. The course materials will be sent to students via email once a week on Wednesdays, as PDFs. Each week the material to be studied and a homework assignment will be included. Questions related to the material are encouraged and can be addressed to Linda Moulton at moultonlinda16@gmail.com. Questions of interest to all students will be shared weekly.

A certificate of attendance will be given upon completion of the course, enabling you to register your credit with the appropriate licensing boards or associations. You may apply for other accreditations using the procedure established by the specific organization.

These programs have been approved by a California Board of Nursing provider #CEP12206 (Critical Care ED).
